As a RoGBC member, we agree to actively support and adhere to the RoGBC Mission Statement and Objectives, and to contribute directly through our organisation's activities, as outlined below:

## RoGBC Mission Statement

The Council's mission is to support the transformation of the market, the educational framework, and legislation to promote more efficient, sustainable, and profitable buildings. We aim to provide a benchmark model for the region, ensuring that the built environment does not compromise the future of upcoming generations but instead becomes a source of safety, comfort, innovation, and new opportunities.

## RoGBC Objectives

To promote market transformation and the implementation of a new generation of green buildings, the Romania Green Building Council:

- »Facilitates access to specialized training to create a national group of experts in the field.
- »Supports the development of an appropriate set of regulations that promote sustainable construction and ensure the profitability of investments.
- »Develops and implements a national voluntary system of standards and certification for green buildings.
- »Supports the development of the national green building industry in an effort to position Romania as a leader in sustainable construction in the region.
- »Builds a comprehensive organization by facilitating collaboration among all relevant market players, with the ultimate goal of eliminating systemic barriers and promoting a truly sustainable built environment.
- »Promotes collaboration at the national, regional, and international levels to share knowledge and encourage innovation.
- »Studies, analyzes, and disseminates best practices for the region and encourages their adoption and implementation.

## Member Commitment

We hereby commit to actively supporting the mission and objectives of the Romania Green Building Council and to contributing meaningfully to the advancement of a more sustainable built environment.
